

Ladies Club Service Project

March

Fair Park Senior Center

They are requesting a monetary donation.

Fair Park Senior Center's mission is to create a unique environment for our senior community to come together. They work with their members to customize activities, classes, events, and day trips that will keep them living life to the fullest.

They provide a multitude of services to the seniors of Cumberland County including:

- They serve over 100 members a day and around 500 meals each week.
- They have started a food pantry.
- They provide health and wellness programs, physical fitness and health screenings.
- They advocate for senior needs, especially with medical equipment as needed.
- They also provide outreach services for seniors who are isolated.
